“ I worked with George as a children's performer each year at the Kiwanis Children's Area for many years. Each summer I always looked forward to reconnecting with George. He watched my children grow each year as they would help their mom out with setting up for my shows. He was always so kind to my sons. When he moved to Florida he gave me a print of a farm in Oley (my hometown) and to my great surprise it was of a farm located on our road. George was a classy guy who always seemed tireless. I'm sorry to respond so late as I didn't know he had passed. My condolences to Peg and his family.

“ A hero of the Great American Century and a friend to many throughout the land, George shared bananas and peanut butter with me when I needed it most. Rest in Joy dear man. With Love Alex Gravesen

“ Since moving to the Phoenixville Area, very few people are considered truthful and have a real substance. George was amongst that specialized group of people who can THINK outside of a box and put his work behind his words. His contributions to this community did not need to be within a tangible form because it's his intangible spirit of truth and justice for all that spoke VOLUMES. He put the meaning behind being Diversity In Action and it has been missed!

“ I have great memories of the lovely conversations I had with George at St Johns. He was a kind, faithful man who everyone greatly respected and who truly loved his church and community. Sundays at St Johns were always better when George was there. God Bless his family in your loss of this wonderful man!
