“ I’m so sad to hear of Harry’s passing. I’m one of the therapists at PowerBack and worked with both Harry and Audrey in the past. Such a lovely couple. I always enjoyed seeing them near the fountain when I’d walk patients down the hall. I miss seeing all the SMSL residents due to COVID restrictions sadly I never got to see Harry after mid-March. I’m thinking of you all during this time. Sincerely, Marybeth McNally, Physical Therapist Assistant.

“ Greg, Joni and the entire Sniscak Family,
Harry made his way into my heart. His smile would lift my spirits as we often shared them. After big hugs together, mom, Audrey, would always laugh and want her hug too!. I know his later years weren't as kind to him but I sat many of days with them both as they shared wonderful stories of their life with me. I know this is an incredible difficult time for Greg, you and all your family. I miss him too! But we stand in support of your family. May God watch over Audrey and bless the family.

“ Dear Joni, Greg, Audrey and Families,
I first met Harry here at Wellington Square. What a delightfully happy guy! His sweetness transferred thru his smile to his eyes. We both came down to the mailroom on the first floor at approximately the same time everyday (I think Harry was on to me) but when those elevator doors opened (I waiting to get on and Harry getting off) we'd give each other a terrible fright. That, unfortunately, was our time together. What a history he had, would have loved to sit and talk Bethlehem Steel, Mack Trucking and drafting (my favorite subject in school).
My most heartfelt condolences to you all.
Love,
J.D.
