“ Loretta and I shared a birthday. She was a very special lady who helped me keep my sanity while I was in the nursing home with her. We played volleyball and baking activities together along with bingo and an exercise class. We laughed and cried together. My only regret in knowing her was that I couldn't say goodbye because of this COVID virus. So now I'll say my goodbyes to my very special friend. I know she hears me and I know we,'ll see each other again! Diane, please accept my condolences and know she is in good company. I just lost my mom last year. I know they will share some laughs together! May God grant you strength to help you through this difficult time!!

“ It was such a joy having Loretta participate in activities. She was up for anything and always brought laughter to the group. We miss her tremendously. I feel blessed to have had her in my life.

“ Such a sweet lady, I haven't seen her in awhile. I took care of her and her husband at MM, we watched many EAGLES Games together, I would always laugh when she would holler at the tv during the game and the cover her mouth like she did a bad thing. I would tell her don't worrie about it your fine. She was kind always want to share things her daughter bought in for her mostly grapes. She will truly be missed by a lot. May she rest in paradise. My condolences to her daughter and sister.
