

Dr. N. Zel Rothstein

January 12, 1952 - January 23, 2020

N. Zel Rothstein, M.D., age 68, husband of Donna L. Eroh-Rothstein, of Phoenixville, PA, passed away on Thursday, January 23, 2020 surrounded by family after a courageous fight with pancreatic cancer. Born on January 12, 1952 in Rochester, NY, he was a son of Dr. Morton and Jean (Rosenberg) Rothstein of Buffalo, NY.

Dr. Rothstein grew up in Berkley, CA before moving to Buffalo, NY and graduating from Amherst High School. He received his undergraduate degree from the University at Buffalo, and attended medical school at the University of Pennsylvania. He would complete his residency in internal medicine at Temple University Hospital, and his fellowship in Cardiology at Cedars-Sinai Medical Center. Dr. Rothstein was a dedicated physician at PMA Medical Specialists for 36 years, where he loved caring for his patients and community. All who knew him knew that he was a die-hard Buffalo Bills and Sabres fan. He enjoyed skiing, playing hockey and tennis, and was a talented rock and roll keyboardist as well. Most of all, family meant the world to him, and he loved spending time with them and taking family vacations.

In addition to his wife and parents, Dr. Rothstein is survived by three children, Eric S. Rothstein, husband of Leah Henderson of Quechee, VT, David L. Rothstein of Phoenixville, PA, and Jennifer E. Rothstein of New York, NY; two siblings, David M., husband of Lisa Rothstein of Pittsburgh, PA and Marilyn K., wife of Rick Frappa of Orchard Park, NY; and many much loved nieces, nephews, and friends.

Relatives and friends are invited to attend his funeral ceremony at Congregation B'nai Jacob, Starr and Manavon Streets, Phoenixville, PA on Sunday, January 26, 2020 at 11:00 am. Officiating will be Rabbi Jeff Sultar. Burial will be held in the Haym Salomon Memorial Park, Malvern, PA. In lieu of flowers, memorial contributions may be made in his name to the Congregation B'nai Jacob, 101 Manavon Street, Phoenixville, PA 19460 or to the Hirshberg Foundation for Pancreatic Cancer Research, 2990 S. Sepulveda Blvd. Suite 300C, Los Angeles, CA 90064. Condolences may be made by visiting www.PhoenixvilleFuneralHome.com. Arrangements are being handled by the Campbell - Ennis - Klotzbach

“ Met Zel while he was in Medical School. I always thought he was too cool to be a doctor. His great laugh and dancing blue eyes always lit up the room. I will never forget his wonderful personality. Rest in peace the coolest doc. From, Elyse Egles Insel

Elyse Insel - April 30, 2020 at 09:41 PM

“ He was so much more than a doctor! He was a genuine cool guy! He was a rock n roll keyboard player! Hockey fan. Always remembered to ask how Dawn, Sky and little Ray were doing? I mean it's hard enough to get a doctor to remember my name!!! Let alone my wife and kids! A Doctor, musician. A hockey fan. You can see why I'm really going to miss the best Doctor I've ever seen! Thank you Dr. Rothstein for all you've done for me! You will be truly missed. Journey well my friend! You are a true hero to us!

Raymond Ramsher - March 05, 2020 at 12:13 AM

“ My husband Ray had a major heart attack at only 32 ! We had just had 2 children and we were terrified ! We meet Dr. Rothstein and he made us feel so safe ! We can't begin to say how much we have looked forward to visiting him ! He always went out of his way to ease your worries and addressed any concerns no matter how small with such loving care !
We knew him for 18 years ... we really loved him ! We witnessed his illness...but he never would say what was going on in his personal life ! (But we knew) he fought valiantly and with such strong dignity ! He will always be our inspiration and like I would tell him "He is our hero" ! We meant that with all our hearts ! We will miss you deeply !

“ I just got admitted to Pottstown hospital on the heart floor. I just KNEW I would see Dr. Rothsteins smiling face waking me up at 5 am. I am literally sitting here with nothing but sadness that I will not see that. There are SO many memories I have of him from taking care of my father, brother and eventually me. Too many to ever count. But one thing they all have in common is that he was one of the most pleasant, smiling and truly passionate docs I have ever dealt with. He will be truly missed by all. My prayers go out to the family and remember he is always with you!

“ Our heartfelt thoughts are with The Rothstein family and all in your wide circle of family, friends and colleagues of Zel. We are sad to have only had just a brief opportunity to know Zel, though happy to have known of his exceptional life and successes in family and career. Leah is so fortunate to have had a meaningful relationship with her father-in-law - a reciprocal adoration and endearing connection. Sending love from The Starkman - Smith family - Reuben, Holly, Marty & Sadie.

“ To the Rothstein family. There are so many fond memories of him in the Cardiac Health Care department. I can't count how many times I said “ he was just here” or dodging his swinging and twirling stethoscope. He was focused on his next patient but never too busy to laugh with us or share something little about his family. His patient's and staff had nothing but good things to say about him. We are saddened that this wonderful physician and man has suffered so much and will no longer fly through the halls of PMMC but happy that he is at peace. Maybe he will slow down now but when I see a wispy cloud I will think “Zel just flew through it on to his next adventure. He will and is greatly missed.

“ My mother just told me of Dr Rothsteins passing. J worked with him at Phoenixville Hospital for 18 years. I worked for the administer and CFO, but we always talked as he always took the time to speak to everyone. When it came time for my father to need a cardiologist, I had him go Dr Rothein and my parents just loved and adored him. My family and I will deeply miss this wonderful man. Taken way too soon..RIP Dr Rothein. My heartfelt condolences to his family for sharing your husband and father with those of us who knew him and loved him.

“ Dear Rothstein Family, I just wanted to share my condolences at the passing of your Father. I had the pleasure of working with him at Pottstown hospital for a number of years and found him to be among the most kind and thoughtful men I ever met. I moved out of the area years ago but saw this posting on Facebook. Please know your father's life reach will beyond his work as a Physician. As you know, he was simply a very kind man who was very widely loved and well regarded. He will be missed.

“ Dear Donna, Eric, Jenny and David,

We are so shocked and saddened by the passing of Zel. He will be greatly missed by current patients as well as the multitude of family and friends. He did so much for my mom and dad and gave us time we would not have had. He was the life at the family picnic. We are sorry for your loss and send our deepest condolences.

“ My prayers go out to Dr. Rothstein's family. He was my cardiologist and I will always remember how he "charged" into the room with a smile and a handshake. I never hesitated about going for my visits because I knew he would have a joke or two to share with me yet he was very concerned about my care. He will be missed.

“ Zel will always be a friend and colleague I will remember fondly- he was like a ray of sunshine and cheer to his patients and colleagues, always positive and with a bubbly humor and wit, blended with a sharp intellect.

I will never forget how involved he was with his passion for tennis and the many conversations we had about our sons and their exploits at Great Valley high school. In the midst of his prolonged illness , he always made it point to ask about my family, no matter how sick or ill he himself felt- truly a friend whose passing I will feel deeply and miss.

I'm glad his suffering is over , he led a life of exemplary service, kindness and dignity.

“ Dr. Rothstein will be remembered for his amazing traits, He was smart, funny and treated everyone like he was your Family Member. My thoughts are with his wonderful family.

Lori Clarke - January 24, 2020 at 02:44 PM

“ Diane and I worked with Zel at PPMC and we will always remember him as a great physician whose patients loved him. We will remember his early rounds, many jokes, friendliness to all, and his pride in his family. He will be missed by his many friends and patients but never forgotten. Our deepest sympathy to Donna and family--may God be with you and comfort you.

“ My condolences to Donna and family. I worked with Zel from the time he was a "rent a doc" for PMA at Phoenixville Hospital, then worked at PMA, and again when I worked at Phoenixville Hospital. He was so kind and passionate about his job and his family. He had so much energy you could hear him coming a mile away. He was always smiling and funny. He will always be remembered and forever missed by everyone he came in contact with.

Sincerely,

“ There are not enough words to express how much better Dr. Rothstein made the world. A gifted, compassionate physician, Dr. Rothstein was my mother and my cardiologist. I witnessed numerous times his caring for his patients and his dedication to his profession. When my mother needed a cardiologist, she of course was apprehensive, however upon meeting Dr. Rothstein her fears were dismissed. His bedside manner along with his smile gave him the ability to lighten up any room. He made it easy for patients to face appointments and hospital stays. Dr Rothstein had a way of delivering results of tests or updates on conditions that always made even the worst of situations seem manageable. My deepest condolences to his family. I will truly miss him and am saddened at his passing. He will never be replaced.

“ Can not agree with this more! He took such wonderful of my grandmother and I. I will never forget his compassion, and when he climbed in the back of the wheelchair van to see her because the gate stopped working. He had a wonderful soul. He will be missed.

Andrea Fishlock - January 24, 2020 at 07:38 AM

“ I worked with Zel many years ago when he first joined PMA. He always greeted me with a smile and a joke! Years later, he was my dad's cardiologist and the two of them became fast friends. Zel even visited my dad when he was on hospice. They just sat and shared jokes! He was kind and thoughtful, funny and caring, not to mention a really great doctor. He will most certainly be missed by so many people, myself included. My deepest sympathies to his family, friends and colleagues. I pray your memories will bring you peace.

Barbara Cinciripino Andress - January 24, 2020 at 09:12 AM

“ Zel had compassion with everything he did. There are no words to lift the monumentous weight we all feel right now. For 13 years, I've worked with him exchanging conversation about family, work and everyday life. He was definitely a man who cared and was very proud of his job and most of all his family. Throughout his diagnosis he continued do what he loved. He impacted many lives and for that alone he will never be forgotten. Extending my most heartfelt sympathy to the family & close friends.

“ I will forever be indebted to Dr. Rothstein for his compassionate care of my late husband, Marlin (Mickey) Pressler. He helped me through some very difficult time while caring for my husband. He was the very best in his field. Rest in peace my dear friend. Dottie Cox

“ Dr. Rothstein was my mother and aunt's cardiologist. Many years ago, when my aunt was in desperate need of surgery that she could not afford, Dr. Rothstein was instrumental in getting her into Deborah where she never received a bill. I became acquainted with him when I started taking my elderly mother to her appointments and I was always struck by his kindness and compassion, not to mention his expertise in my mother's somewhat unusual case. He was a great man and a great physician and it is with great sorrow that I heard of his passing. He will be truly missed.

Bonnie Mack - January 24, 2020 at 06:44 AM

“ I feel at such a loss of words to express Zel,s passing. He put the gold stamp on what it truly means to be a physician. His approach to patient care was unmatched, truly compassionate and absolutely brilliant. It was always a good day when Zel was covering Pottstown. I had to be prepared with my new material (jokes) which we shared over so many years from my days in ICU to being an administrative supervisor. We agreed that a good laugh was vital in our profession. Our professional collaboration was something that I will be grateful forever. My sincerest condolences to the family. The world has lost a truly remarkable person.

“ Dr. Rothstein was such a great cardiologist and person! I am so thankful that I got the chance to learn and work with him at Pottstown Hospital! We always knew to expect Zel bright and early shuffling down the pcu hallways to round on his patients. He taught me so much and has helped make me the nurse that I am today.

“ So very sorry to hear this horrible news. He was my cardiologist since 1997. I always joked with him, that if anyone ever had to give me some really bad news, I hoped it was him, because he would have added some funny quip to make it seem okay. Such a truly great guy and terrific doctor. Brad Beyer

“ Zel was friend to all who knew him. I particularly will miss the sound of his furious shuffle on the tile floors of th hospital, the twinkle in his eye when he uses a naughty word in a foreign language, and even those 6 AM calls while I was brushing my teeth and he had already rounded on his service at the hospital. His eternal good humor and boundless energy. We are lucky to have known him.

Kathleen Magness - January 23, 2020 at 06:19 PM

“ Zel was everything to all of us who worked with him at PPMC. He treated staff with great respect and never had a unkind word if things were not done or missed that he ordered. He would simply ask the reason why . You would always know he was on the unit by his brisk walk ,great smile,coffee in hand .His dedication to his patients,concern for their families was remarkable. He never forgot our names,always asked about families and made time to ask how we are .As a cardiologist he educated us on heart disease, invasive procedures, pharmacology up dates. I am blessed that Dr Rothstein was a part of my life . Miss him. .My prayers and thought to his family.

“ I know this very late, but I just found out that Zel has passed. We were great friends in high school at Amherst Central. He lived just down the street from me. We played rock music a lot and Zel was a very talented musician himself back then. He ran track, and was a very good student. Such a nice guy. I don't ever remember him getting mad at anyone or anything. We went to colleges that probably 1,500 miles apart, so I didn't seem him after that but I always have remembered our teenage years together.
