“ I was saddened to have just found out about Alex's passing. He was a student in my 2nd and 3rd grade class at Collegium Charter School in the 1990's. I remember his smile and that he was a good student. He is one of the students who I have thought about from time to time over the years. Please accept my belated condolences on your loss.

Actually, Amy, he was born in 92, meaning that he was in 2nd and 3rd grade in the late 90s. Some people don't forget the timing of things, and teachers forgetting when they had a student is pretty rare unless there is an underlying reason such as dementia
