While there have been many times that I've been able to spend with Tita Ana Marie over the years, two of recent memory stand out the most:

** The time she came to see my Lola (Tita Nene to many) in her assisted living facility to help her adjust until we could care for her in house. I BELIEVE (my memory of this pic is rusty) it was me, my mom, Tita Ana Marie and possibly my brother with Lola. It made Lola light up and was a great positive experience for her.*

** Another time relating to my Lola, this time when she was in the hospital for a stay. Tita Ana Marie and RV came to visit. At some point, as is common for our family it seems, we had to figure out food. We went out to a local Japanese restaurant for some yum yums. We had a great conversation between the three of us to keep our spirits up. As I went to pay for my food at the end of the meal, I got scolded (ha) and was told to put my money away. I insisted that I could cover myself and her if she liked...that only got me more scolding. Of course it was all in love and very light hearted. She took care of the bill and then we all left and went back to the hospital to spend more time with Lola and to relieve a family member.*

Tita Ana Marie..from my own memory and the stories I've gotten to hear from friends, family, coworkers and acquaintances...was a very kind and loving person in this life and will be in the next. Thoughts and prayers to RV and family..God Bless to you Tita Ana Marie and all.

“ We met Ate Ana at Temple University Hospital. My wife just had a thyroid radiation treatment which didn't sit well with her stomach. We returned to the hospital to have our van decontaminated and Ate was on the radiation team. We were later able to visit her and her family near Pottstown. She was a very kind soul who always had a smile and was devoted to the Lord. We will miss her very much. God Bless you Ate Ana!
