“ Bea was a student of mine at Pottstown Memorial Medical Center. She was always a great student and applied herself diligently in her studies. She had a quiet sense of humor. It was back in 2021 when she made contact with me and she was just as I remembered her. I was proud of her accomplishments. My sincere regards to her family. She did you proud! Brenda Kifer

“ Bea was a wonderful friend and colleague. She was my nursing supervisor at Pottstown Hospital. She taught me many things during the course of my nursing career. My husband and I were saddened to learn of her passing. Our thoughts and prayers go out to her family during this difficult time. She will be missed. She rests in the arms of Jesus now!

“ *Bea was a dear friend who I met when she became a customer in my shop in the 90s. She adopted her kitties from me and I hope they are in a good home as she loved them with all her heart. I have missed our breakfasts and conversations since she became ill. She never accepted offers of help for anything. I would appreciate being notified if there is a public service. Nancy*
