Beverly was a very special person I was very fond of. I will always remember her family, especially the time I spent with her and Larry (Tommy to me) She was a very talented and intellectual person who I am sorry I lost contact with after I moved back to Louisville. I treasure the time we spent together, especially Thanksgiving with my family her freshman year. May she and her brother both rest in peace knowing they were an integral part of my life.

“ It is just now, months after the fact, that I am finding out that Bev passed away. She was my childhood friend. Our houses were near each others on Pennsylvania Avenue. We played (and fought) as youngsters. Just a few years ago, we reconnected. She came to visit me in Delaware, and we had a couple nice days together catching up. I'm so extremely sorry to hear this. When she was here, Anton was constantly checking on her, always concerned. My sincere condolences to everyone. I did know Barbara and Ginny but not Patty. I grew up with Larry also, and was sorry to hear about him. I knew your parents and grandparents. So very sorry....

I finally met Beverly when she and Larry, Tommy to me, stayed at my home when they returned for college Tommy's last year. Beverly, the ever loving cook, fixed the three of us spaghetti while they were. there. They both spent Thanksgiving at my parents' house when Tommy was a senior. It was a very special time. It is so sad to know both of them have now passed. Entire family was very special especially the two times I spent time at your home.

“ Our heartfelt sympathy to Beverly’s family. She was a kind and sweet gentle friend. We met 34 years ago when our homes were being built, and became neighbors, and good friends. We had many visits with one another, over a cup of tea, and conversation. I will miss her very much.” “She is with the Angel’s now”. Dee and Dave Kennedy

We were neighbors in Spring Mount with Beverly for 18 years and were good friends. I had visited her over the past few months when she related that she could not get any more treatments to halt or cure the cancer.

She was a loving person.
