“ I worked for Carol for two and a half years at SKF and I learned so much from working with her. I truly enjoyed having her as my manager. She always helped make things very clear and always let me know what she expected of me. Working with Carol also brought me several laughs, as she had such a feisty spirit. I'm deeply saddened that our time spent working together has come to an end and I will miss her a lot. Her passing has left a large void here in our SKF USA Logistics Team and SKF as a whole. I already miss her. To Carol's family and friends, I am sincerely sorry for your loss.

“ Carol and I were part of SLS Six Sigma Community as well as Inventory Management Community... I had opportunity to meet her on two occasions and we were part of various SS/IM community meetings.... I found her knowledgeable, direct and participative during interactions... we had planned a webex meeting this year in July on IM services... unfortunately it did not take place...My heartfelt condolences to her Family and Friends...

“ It is with a heavy heart I try to find the right words to describe Carol and the impact she has had on my life and many others at SKF. I was fortunate to hire Carol into the SKF family some 10 years ago. I recall my first impressions of her to be intelligent, engaging, results oriented and strong of character. She was exactly what I was hoping to find. She proved to be all of the above and so much more. She was a true leader, mentor and coach to so many in and out of her organization. She was compassionate, caring of others and genuine to her very core. She was a dear friend, ally and neighbor. My heart goes out to Carol’s family and friends. I will miss her dearly...

“ I worked with Carol frequently on various projects within SKF. She has always been extremely supportive and motivating to everyone she worked with...a great leader! I have learned a great deal from her over the years and I know she touched many lives here at SKF. It has saddened me deeply to know that she will no longer be with us. Carol was truly a wonderful person that inspired so many to do great things.

*My thoughts and prayers go out to her family during this extremely difficult time.*

“ To Caorl Hey's family: I knew Carol from working at SKF. I did not work with her directly although I did know her as a kind hearted person whom I would say hello to from time to time and sometimes strike up a conversation with as well. I do know she was a very dedicated employee and did an excellent job. She is going to be missed in many ways here at SKF as she was a member of our family as well. I know I speak for my entire company when I say she will be missed by all. It's hard losing good people and I'm sure she is looking down smiling at all the people wishing her well knowing that she is in a better place now. She inspired many and will always be remembered. God bless her family and relations in this time of sorrow. My thoughts and prayers are with you.

“ Although I only knew Carol as her employee for less than a year, her impact upon me as a manager and leader was immense and this loss profound. I wish I could have known her and worked for her longer. She truly and genuinely cared about her employees and about her work. I could always count on her to show compassion, understanding and give her attention to any issues I faced at work. Of all of the people I have ever worked for, Carol was the easiest to talk to, the most organized and detailed, and the most motivating and inspirational leader. Her passing has left an enormous hole in our department and in our lives. In the short amount of time I knew her she made such an impression and impact upon me. I know that the close people in her life are feeling this emptiness that I feel thousand fold - my thoughts are with you and I hope that you find comfort through this difficult time seeing all of the wonderful things everyone has to say about this wonderful woman.

“ I could always count on Carol for a smile, warm hug and a laugh. I will miss her energy and sense of humor as will many who were blessed to know her. Carol and I went through our Dale Carnegie Trainer certification together which is an experience we both looked back on and marveled at how we got through it! I learned from her then and learn from her now as a woman of wisdom and courage who was genuine and had a beautiful heart. We'll miss you Carol. My heartfelt sympathies go out to you Elaine.

“ Carol was always someone to look forward to meeting with for classes after a a long day at work - because her sheer positivity and encouragement forced you to engage, be grateful for who you are, and be happy with the rest of the day. She was simply a bright positive light that remains an inspiration for me in my daily life.

“ Carol inspired us to do our best, to get things done, and not let obstacles get in the way. I know of many people who Carol inspired as a Dale Carnegie Trainer-not to mention just who she was as a human being. Carol cared deeply about others. Those of us who knew Carol are far better people for having known her and the many fine examples she set. We will miss her.

*I will always think of Carol when given a choice of the easy way, or the right way. Carol always did what was right, regardless of the consequences.*

*Rest in peace Carol!*

“ Elaine, I am sorry for your loss. I knew Carol through Dale Carnegie instruction. I worked with Carol. What a fire ball! Carol kept it real and had everyone's best interest. She must have been great to be with everyday and a great leader to follow. Carol showed great strength in her battle and never let you know the daily difficulties. She Reminds me of the Jimmy V speech at the ESPY awards in 1996, "Don't give up, don't ever give up!" That was Carol.

“ My thoughts and prayers go out to Carol's family. Carol was my current manager. She was amazing with all her knowledge in so many areas. She was responsible for so many areas within our dept at SKF and she gave all of us the time and attention we needed to get the job done. She knew the importance of good communication with her staff and she was the one that would get things started and keep them moving like BE, Environmental Team and there was so much more over the years.

She was definately one of a kind and I will miss her. God Bless!

“ There are so few people that you meet in your professional life that you can point to and say “that person made a difference to me”. I believe that Carol was one of those people. She was a true leader who always showed me kindness and support and I was very happy to have known her. I saw Carol about a year ago and feel so fortunate that I got the opportunity to thank her in person.

Rest in peace Carol and my sincere condolences to her family and friends.

“ I find it so hard to believe Carol has passed away. I worked for Carol at Pep Boys for nearly 10 years. I learned so much from her and I know anyone who worked for or with Carol walked away learning something. I am not sure if I could have managed my transition as smoothly from my old job to Pep Boys without her guidance. I consider myself fortunate for having the experience of working for Carol. My heartfelt sympathy goes out to Carol's family and friends.
