“ A letter to my Uncle. Dear Uncle Charlie because we lived a good distance from each other you'll never really no the impact you had on me. I always looked forward to come and visit you and your family. I was very young at the time and it was always a pleasure to talk to you about things especially sports. I also realized you were a person that was honest and truthful about life. As time went on and I grew up I used a lot of the things that you did and said to help me. I was thrilled to hear your stories about JT in baseball and I was so happy to tell you about my grandson, Cayden, playing baseball. You were very good at listening and telling the truth. I thank you again for being a part of my life.
