“ Working with Cyndi was always fun, she constantly wanted to learn. She was a damn good emt who was dedicated to her job. I pulled an extra shift at west end and were just leaving the hospital when she asked me if I could stop at wawa. I said absolutely can. That was when there were 2 of them nutt rd and at twp line and 113. I was going really slow, just to get some ppl worked up. I had a huge line behind me. I got through the light at nutt and Lincoln, but those behind me were not so lucky so I pulled over to the side of the road. Cyndi asked me what I was doing. I said just watch. The light turned green and I pulled out only doing about 25. She started snickering. I went past the nutt rd wawa and continued on nutt rd at only bv 25. She said I thought you were stopping at wawa. I said I am but you didn't say which one. She started laughing her butt off, that was fun.
