“ Gary and Bernie, I remember David as a young boy during our years together at Great Valley. Even when you retired and we occasionally saw each other at school, your updates about him and his move to Arizona were always so positive. I am deeply distressed to hear this news and would like for both of you to know that I will keep him and you in my prayers. Sincerely, Paul Girone

“ To the Agostini family,

*I'm sorry for your loss and very upset to hear about Dave's passing. Dave and I shared many formative experiences in high school and starting off college together. We were wrestling workout partners through most of high school which meant that we were competing everyday but also challenging each other and willing ourselves to be better. I remember lots of deep conversations and debates in our dorm room at Penn State where even if we disagreed strenuously (and we did because we were both stubborn) we would still get along because of the bond we shared. Dave had a great laugh and smile and a singular wit. I regret not keeping up with him over the years.*

*My sincerest condolences,  
Scott Smedley*

“ While talking to with my parents about Dave we recalled the various times that he had come over for a meal. We had him before wrestling matches when he couldn't eat a bite looking gaunt yet alert. On other occasions he would come over immediately after a match and eat voraciously savoring each calorie consumed and never denying another plateful. We also were lucky enough to host him soon after he had completed boot camp after he had been honed to a razor sharp edge.

Not matter what the occasion though Dave had a fantastic sense of humor and quick wit while conversing.

Over the past few years we would talk occasionally on the phone. Even having been apart for a while we could always pick up where the conversation had left off and just talk about the most recent events in our lives.

I am grateful for having David as a friend through our formative years and I am so happy that we kept in contact as we developed into men.

I'm so sorry for your loss. I already really miss those phone calls.

“ Passion and loyalty. Those are the two words I would use to capture my memories of Dave. I was honored to be his friend for 23 years and had the opportunity to know such a wonderful person in Dave and family in the Agostini's. Whatever the task, Dave would exude passion and energy. With some hand waving, persuasive argument and expletives, I would find myself with Dave on a 6 hour sojourn to make something as simple as red spaghetti sauce simply because that was how it should be done. He brought this same passion to his deep love for his children and his family. We both went through some difficult times in our youth and Dave had an unwavering thankfulness for the tremendous example Gary & Bernie set both as parents and people. I wanted you both to know that.

“ *Mr. & Mrs. Agostini, I am so sorry for your loss. Dave was a very special part of my past and I've thought of him often over the years. I know he was a good man and a great father. I pray that the Lord grants you and his children strength during this difficult time.*

“ *I am so sorry to hear of Dave's passing. He was my classmate at GVHS and I always found him to be a terrific guy. When many of the other athletes were happy to engage in the old jock/geek warring and teasing, he was open-minded and always nice to everyone. My thoughts are with you. - Malia (Neff) Jones*

“ *David and I served together at Camp Pendleton and in Yuma Arizona. I could always count on David to make me laugh. He was a great Marine and even better person. He will be greatly missed. Semper Fi Brother.*
