“ To my Cousins, my condolences on the loss of your mother. Aunt Elaine was a quite a special woman and I was blessed to see her twice in my adult years. She really made me feel special. I know she will be greatly missed by all, including me. She is with the angels now, no more suffering and is being held in the loving arms of those who have gone before. Safe journey, Aunt Elaine and loving thoughts to my family.

“ I love my Mom. We were very close. I went to visit her on her birthday 9/1/2022. She was unable to speak. She seemed to know who we were and she was happy to see us. She was very weak but she was trying to say "Its Time" or "Its time to go home". We knew and felt what she was saying. We kissed her all up, told her we love her very much. As we were leaving she looked at me as if we both knew it was the last time. I just mouthed to her I Love you, and held up a sign language of I love you with my hands. That was the last time. I wished I thanked her for everything she has done for me and with me. But she knows. They called me to get there quickly on 9/6/2022. I was an hour a way but she passed in a half an hour and I did not make it to her bedside in time. The nurses said they were with her at the end. She will forever be in my heart.

*I am so late to see this. I had no idea that your mom had passed. I remember her very fondly from decades ago. The earlier pictures that you posted are how I remember her. She was a beautiful woman. I'm very sorry for your loss and will keep all of you in my prayers.*
