“ To the family; I'm so sorry to hear of Betty's passing. I didn't know her. But I was one of Karl's therapists at PowerBack when he was here earlier this year. Please tell Karl I'm thinking of him. He is a lovely man and was one of my favorite patients. God Bless.

“ My tribute got lost...Betty was my gal pal and one of my first real friends when I came to KP in 1960 and stayed that way through my graduation in 1963 when I moved away. We earthlings lost a good one when she crossed over. Bob Leffler...Baltimore

“ I am so very sorry to hear of Betty's going home. She gained her angel wings she so well deserved. We have been friends for over 50 years and was one of 6 of us gals who were very close friends all through school and paled around together. My condolences to the family and Hank as well. I hope that the tears you shed for her loss become smiles as you remember all your fond memories. With loving thoughts, Joan Munsee

“ Betty was as close to my heart as my own mother. Celebrating almost 40 years of friendship to her youngest son Ken. She was always smiling when sometimes anyone else would have just been depressed. She was strong, loving, and a super beautiful person. She lived right down the street from me. I was able to wave and sometimes visit. At her hardest times, she still managed to laugh and share the love in her heart. She will certainly be missed. I love you Mom!
