“ Frank, you are truly missed. Last night I was thinking of what you are doing right now in heaven. My guess would be Sitting on a comfy recliner, drinking a glass of great red wine, and listening to Frank Sinatra. After we met when Jaymie and I started dating over 8 years ago, I would always say to Jaymie.... "I never want to Frank mad, He is a BIG guy, his muscles are much bigger than mine and I am many years younger" That is a memory I will not forget. Along with many more! See you up there some day! Chow. Love, Eric

“ Dear Robin and family and Erika, Madelyn and Chase. My heart goes out to all of you . Unfortunately I do know the pain and sadness. They say time heals and truly the memories do start to bring smiles, but always with a bit of loss. May your happy memories comfort you at this time and in the future. May God bless and keep you safe and well.

“ Dad, My heart still is not ready to heal yet though everyone says it will. Rob, gave me a letter I wrote to you after my 21 B-Day. After reading the note, I couldn't stop thinking that I'm that same 21 year old, that I'm actually that same little girl that loved being with you. Sitting on your lap, giving big hugs, and always knowing that your big shoulders were there for me if I needed them. There is know doubt that the most influential people in my life were you and your mom (my mom-mom). I thank you for helping me be the person I am and I pray I can guide Britney and Zak as you have so guided and supported me. I promise I will continue to carry your belief in "family values" and be there for Rob, Deb, Heath and Erika. I Love You Dad, I just pray you knew/know how much!!!
