“ Geoffrey was a loyal friend to my father and has remained a lifelong friend to me. He led a simple, unpretentious life and I always found his tendency to overanalyze things to be one of his most interesting qualities.

A life well-lived. Your memory will stay with me always.

“ Geoff was a very nice person. Was good friends with my Father and we used to go hunting together in Potter County. He also did some trap shooting with us. He was very creative and funny. I enjoyed his philosophy on life.
