“ I am sorry for your loss . My name is Charles Fealy , on behalf of my family my wife Connie and my son Ryan we give our deepest sympathy and prayers. I am sorry that I did not know sooner. I met BUD thru my father-in-law Paul Gable and I knew Clarence Bud,s father. We would come over to the farm to hunt and visit .I think back about all the years we went Deer hunting in Wellsboro together , such happy and great memories I have of all that.BUD and I hit it off great we both loved farming and equipment, we would talk for hours about it. Bud was also a very big help to me in hauling sludge and by pass hauling flow and un-blocking sewers. Bud wanted me to come over and see his tractor collection ,which I am so sorry that I did not do. Even though I have not seen him in years I always knew I could call him to talk equipment ,trucks farming. He will never be forgotten by me , he will always be in my thoughts, I wish there were more people in the world like Bud, because if there were I think it would be a better place . Bless all of you,I am sure he is watching over his family and I do believe I will meet up with him in heaven when the almighty calls me back.

“ I am Steve Ryan Secretary of the Lehigh Valley Model A Club. We toured the tractor collection and held one of our monthly meetings at the tractor museum several years ago. We were very impressed with the collection and Bud's generosity, he will be missed. We were glad to meet Bud, even though it was to short of a visit. Steve

“ Bud will certainly be missed. My condolences to the family. May God fill the emptiness with His peace. I knew him from church and did some painting, photography and signage for him years back. I want to share a video my photojournalism class made about him and the farm two years ago.

Thank you Kim for sharing this. I am Bud's niece, I heard about this video project and am so glad I was able to see it. It makes me proud of who I am and growing up on the farm. Uncle Bud along with my Uncle Stauffer and grandfather, Clarence were great role models with work ethics that you don't see much of today. This is such a nice tribute to remember my uncle. He was certainly proud of his "Back Forty". Thank you to all involved. Amy Dougherty
