“ I'll miss Jeff dearly; whenever he was around I always had something to smile about.
He was truly unique in that his cup always ran over but he shared the excess. His favorite hobby seemed more like helping everyone, even if you didn't ask for it.
I loved his enthusiasm, especially when the job was miserable. His favorite saying was “Lets do Science”.
I hope I never forget his voice calling to me, “Hey Sparky”.
I love you and miss you, my great friend.

“ Jeff was more than a coworker in the 10 years I worked with him at JM. He was a good friend and made the work day more enjoyable. As others have said, he truly was a kind and helping person who was not afraid of extra work if it helped someone else. Jeff will be greatly missed by everyone that got to know him. My condolences to his family.

“ I have worked with Jeff for many, many years at Johnson Matthey and am offering my deepest sympathies to the whole Chambers family. He was always willing to stop whatever he was doing and go the extra mile to help someone out. If you had a question, you could rely on Jeff to come up with the solution or to direct you to the person with the answer. He will be greatly missed here at work.

“ My condolences go out to Jeff's family. I worked with Jeff his entire time at JM. He was a great coworker and great friend. He was always willing to assist with any request, work related or otherwise, for anyone, at any time. He was also always in contact with, and always supportive of his past co-workers and retirees. We frequently discussed past events and past coworkers during our JM tenure. He will be greatly missed and leaves a huge void with us, as he surely does with all family and friends. Regrettably, I will not be able to attend his services, but will be thinking of Jeff and his family at that time and will continue to do so for a very long time.

“ Jeff was more than just a coworker of 15 years to me, he was a good friend. He was always the first person to offer a hand whether it was work related or personal. I will miss his conversations and joking around with him. He loved fishing and always looked forward to the company fishing trips and so did I knowing he would be there. Jeff will sorely be missed. My condolences go out to his entire family during this difficult time.

“ Jeff was the kind of guy who was always there for me, no matter what, often without asking. He would ask me "What do you need?" and then we would walk out into the pilot plant together. He would put his arm around my shoulders and say "Mrs. Taylor, we keep going on these dates", and he would just fix what needed fixing. His presence was a positive life force, that could easily fill the room, he was strong, steady and resourceful. He would tell me often "I am in for the long haul, you know that don't you." And you were, more than 20 years at Johnson Matthey, you weren't only part of my team, but a strong support pillar for many people here. Work is not the same without your boisterous voice down the hallway or your big helping hands and I miss you incredibly.

Jeff's relationships here extended well beyond work, he had many friends who counted on him for advice, moving, a ride, fixing and building things. Jeff was funny, I think he made us better by being here and I feel very lucky for having had the pleasure to work with him every day. Jeff was a remarkable person, always there for everyone, always the go-to-guy and I am glad he was my friend. I am truly sorry for you, Gail, and for the entire Chambers family. You are in my thoughts and prayers. Thank you for sharing Jeff with us.

“ Uncle Jeff will be missed. He was one of the good guys who would go out of his way to help a friend or family member. He was also very funny. My family has many hysterical stories about his antics that will live on. He loved the outdoors, animals, good food and drink. Whenever we would say goodbye, he would kiss me and say "Be good." I will try to live up to his expectations. I cannot describe how my heart breaks for my family, my Aunt Gail and my cousins Gretchen, Georgia and Ian. I hope in time we can make sense and peace with this tragedy.

“ Uncle Jeff was an extremely energetic man. He always had a story to tell, advice to give and experiences to share. He had a deep passion for everything he did, whether it was helping a friend buy a new car, shooting trap or restoring a piece of furniture. His enthusiasm for life will be missed. My thoughts go to all of Jeff's family and friends in this difficult time.
