

## Joan M. Kucewicz

May 12, 1962 - March 17, 2023

Joan (Magdalinski) Kucewicz passed away peacefully in her home in Phoenixville, PA on March 17th, 2023 at the age of 60. She is survived by her three children, Leo, Chris, and Corinne; her mother, Nancy; her six siblings, Tony, Ann, Stephen, Sandy, Suzy, Charlie and their spouses; 17 nieces and nephews, 2 great-nieces, and 1 great-nephew.

After graduating Summa Cum Laude from King's College in Wilkes-Barre, PA, she began her almost 40-year career in the medical software field, moving between numerous companies including Shared Medical Systems (SMS), Wyeth, Siemens, Cerner, and Oracle. The most important thing in her life was her children, having supported them in both their setbacks and successes, for which they are eternally grateful. Though she didn't have much of it, in her free time she enjoyed reading, gardening, and using her creativity for home improvement.

A Celebration of Joan's Life will take place on Friday, March 31st, 2023 at 3pm at Loch Aerie Mansion, 700 Lancaster Pike, Malvern, PA 19355. As Joan took much pride in her style, cheerful dress is acceptable. No RSVP needed. All are welcome. In lieu of flowers, donations can be made to the Medical Oncology Prescription Assistance Fund, 382 Pierce St., Kingston, PA 18704. Arrangements are being handled by the Campbell-Ennis-Klotzbach Funeral Home, Inc., Phoenixville, PA. Condolences may be offered online by visiting w

“ We were so sorry to hear about Joan’s passing. Our deepest sympathies to the Magdalinski and Kucewicz families. It has been a long time but the smile in her picture is exactly how I remember Joan from our time at Hoban through King’s and beyond. She was a great friend and a wonderful person who was always willing to lend an ear or a helping hand. We will keep everyone in our prayers through this difficult time.

“ I was so sorry to hear that Joan had passed.

*I worked with her at Siemens and Cerner on many projects. She was always so great at getting to the heart of what the client wanted. After our projects diverged, we stayed in touch. She sent me a baby gift when I had a baby and flower seeds when we bought a house. I still have them - I'll make sure to plant them in her honor this year.*

*I never met her children, but I feel like I know them because of the way she talked about them. They truly were the center and primary focus of her life. I write a long email about my family every month, and Joan was always sure to read it and comment. We had many conversations about parenting, and she always had good advice and great stories.*

*I will truly miss her.

“ This was very sad news to hear of Joan's passing. She was indeed a lovely lady. We met at baseball at KYAL. Chris playing ball and Leo and Corrine on the sidelines. She was a pleasure every time I ran into her in the years following baseball. We would get caught up on the family, always a big smile on her face. Rest in peace Joan.

“Joan was always a bright spot in my day at work. I enjoyed our chats at the railing on the 6th floor. No matter what life dealt her, she took it in stride. I never met Leo, Chris, or Corinne but I felt like I knew them through our conversations. Her children were her life and she loved them deeply. I will continue to pray for the family. I thank God for having the chance to know Joan. My only regret is that I didn't get to tell her good-bye before she left us. Rest in peace, Joan!

*I loved working with Joan. She was a consummate professional, well respected by her colleagues and clients. We worked together on quite a few tough projects, and we always managed to find something to laugh about. I hope she knew how much she was appreciated. May you rest in peace Joan, and may happy memories ease the days ahead for your family.*

“Joan was a great advocate for everyone on our Northwell Team, working with her was a terrific experience. A great teacher, friend, champion, a counselor for many of us over the years. Our lunches together were fun and filled with nothing other than laughs and great conversation. Joan was an awesome mother, her love for her children was so powerful as well as the love and respect she received in return from the three of them. Joan, you will be missed and forever in my heart my friend.

“ *I met Joan when she joined our group at Shared Medical Systems (early 1980's). We shared many laughs and supported each other through the everyday ups and downs that life throws at you. Leo, Chris & Corrine....I got to hold each one of you as babies, and watched you grow up. Leo, I remember meeting you and your Mom at the West Goshen book store on Friday nights...she and I sipped tea in the cafe and turned you loose to wander through the books. You loved books and I hope you still do! Chris, I think of you in your (little league?) baseball uniform. Your Mom was so proud of your good sportsmanship and athletic talent. And Corrine, the little shy blonde...I loved holding you in my lap. You may not remember that, but I sure do! You gave good hugs. As years went by, I saw less of you only because both your Mom and I were short on "free time". But when our paths crossed, she would catch me up on your doings, and share updated pictures of you. I am sad to think you must now go on without your Mom's physical presence. But she will always be in your heart and your memories. And you will honor her by living with the grace and good manners she instilled in you. To the Magdalinski family, I express my sincere condolences. Joan was a treasured friend to me, and I will miss her.*

She was a great friend not only to me but many others around her, will always miss her beautiful smile and warm personality. Though I never met her kids, that has always been the center of her conversations when we met for lunch, sending hugs and prayers for them

“I met Joan while working at SMS. I loved her dedication - both to work and her kids. Her sense of humor brightened days and got us through tuff times. My thoughts are for her kids - she put you first in her thoughts and was most saddened that she would miss seeing you. I know she appreciated everything you Cupid for her C. She couldn't have gotten through this without you.
