“ Joe, thank you for being so amazing in our Pedaling for Parkinson’s program! I’ve always enjoyed pedaling with you, singing some of the songs to pedal too, talking with you and of course singing our closure song for the program “Sweet Caroline” by Neil Diamond. I also loved seeing your wife Sam every time she’d walked you to the Wellness Center and at the end while we were singing, she would occasionally come in to sing along with us before walking you back. Such fabulous times we had! Lastly, I even enjoyed greeting you two in the lobby while I’m working and cleaning as well. Joe, I’m really glad I got to know you for about 2 years! I really had a Sweet Caroline kind of time! You will be missed my friend! RIP

“ I had the pleasure of working with Joe during nearly 20 years of our association in the Communications Line of Business Group of Sperry/Unisys Corporation. During that entire time I came to appreciate the consummate professionalism of Joe and the admiration and respect he received from all who worked with him. Shortly after I was asked to head the Communications sector of the European/ Africa Division, the Executive VP of the Public Sector Team asked me for a recommendation of a person I felt could manage the marketing responsibilities for all the programs in that group. I did not hesitate recommending Joe McGeeney for that position. He did his usual outstanding job in that role earning the appreciation of all he served in the EAD theater.

Over the years my relationship with Joe became a close personal one. My wife Sally and I extend our sincerest sympathy to all the McGeeney family.
