“ I was fortunate to be a classmate of Karla’s at Spring-Ford and ended up together as the only 2 from S-F graduation year at the Tech school in 98-99’ in Mrs. Mussleman’s Professional Child Care class. We had many great memories that year being only 7 of us enrolled, we really formed a great bond. Karla was the first one I saw walking in on that first day and her friendliness, smile, and welcoming personality always made one feel like you’d been great friends forever. We all connected in a way that had it been only a year earlier (or later) may have never happened. I’ll always remember her sense of humor and the adventures we shared especially the day she was late due to a run in with a skunk and how it took forever trying to get the smell off her car, to field trips with the preschoolers and running those Panda preschool classes, to dressing in PJs for Halloween and her giant fuzzy slippers that I don’t know how she managed to walk and work in that day, to celebrating her graduation at her house I think was the last we were able to spend time together as we all went out separate ways . I’ll always remember sharing a sisterly bond of what we hoped lied ahead after graduation and her crush and hopes to be with Josh (so glad that worked out!) She was a beautiful woman inside and out even in our high school days and will be dearly missed. I pray her passion for life and the people around her live on through her daughter and family. Rest In Peace, Karla- I’m so grateful to have known you, even if it had only been during our school years. Your S-F, and Tech school friend, Christina

“ *I was privileged to know Karla, if only for a couple of years as I am a relatively newer member of this incredible church family she called home. What was evident to all is her steadfast love for God, her positive attitude despite ongoing health issues, and the rock she was to her family. Josh and Breanna - know that we, the broken hearted, are with you.*

“ *Karla will be missed, but all that she did and said will carry on for generations. Josh, Breanna, and family keep telling the stories. Laugh at the funny ones, shake your heads at the surprising ones, and cry at the sad ones. Because she knew Jesus, so do so many others. Mark and Jennifer Webb and family*
