“ *I've loved carousels for a very long time. I was fortunate to visit Ken and Barb at their home many, many years ago to see their wonderful Carousel collection. Ken was very knowledgeable and passionate about carousels. I'm glad I got to meet him. I also got to visit the Pottstown Carousel last year, that he helped bring to the town. Thanks Ken! God bless you Barb and family. Tammy Mondschein (Steamer).*

“ When I was about 6 or 7, I absolutely adored Ken. I guess he was in High School then, and he was unfailingly kind to the little girl who followed him around whenever he visited her Grandmother Maude's cabin at Lake Carey. I visited the Lake for a Family reunion several years ago, and he was just as I remembered him -- smart, funny, and kind. He even helped me give my Mother a virtual tour of the Lake where she had spent so many wonderful years. She was too frail to make the trip herself, but Ken and Skype let her see how the lake had changed and chatted with her about their common memories. It was a beautiful gift and my Mother still talks about it. Ken will always be a part of the best memories of my life, and I'm sure the rest of my family feels the same way. He will never be forgotten by the lives he touched -- especially mine. Go with God, Ken.
