“ It was a privilege to work with Lance at Centocor. He was a consummate professional, forthright, dignified and always learning. He was an excellent mentor for his staff, and always very supportive of his colleagues. His quiet strength and character were shown by his deeds. He loved his family. A question about grandchildren was a sure way to evoke a smile. May the Lord grant you solace in many great rememberances. Precious in the sight of the LORD is the death of His godly ones. Ps 116:15

“ In your life you meet people who have a profound influence on you, Lance was one of those people. I feel very fortunate to have met and worked with Lance. He was a gentleman to his fingertips, kind, helpful and considerate. There was no question too small or seemingly inconsequential that I felt I could ask him and he unfailing responded with knowledgably and patiently. He provide huge support to the team in Cork, Ireland on calls, via mail and through multiple site visits. He was hugely instrumental in the success of the site and in us getting our manufacturing licence. On a more personal basis, I had lunch, dinner and a few drinks with him and the Malvern team on both sides of the Atlantic, where we discussed, the challenges of winter in the mid-West, fly fishing, politics and the newest technologies. Lance's passing was before his time was up. My sincere condolences to his family, whom I know he loved dearly and were hugely important to him. I know he is in a better place doing a spot of fishing.

“ A Friend, Colleague and Mentor. My deepest sympathies to the Morien family and to the many friends and colleagues that comprised Lance's extended "family". Everyone who came to know Lance was embraced by his kindness and friendship. I will be eternally indebted to Lance for the opportunities he, and others under his guidance, afforded me during my 7 year tenure at Centocor, Malvern. During my interview with him, in November of 99, I asked him to "take a chance on me, you'll never regret that you did." He took that chance on me without regret, and many others before and after who have gone on to influence the industry in more than a dozen other pharma/biopharma companies. I can only hope that he was as proud of his legacy in our development as we were in his guidance. He was an influence on the industry both directly and indirectly that will be deeply missed. I'll always remember he and Irene dancing at my wedding. I looked at the pictures last night and his smile made me smile in my sadness. I'll miss my friend, with the smiles so big they made his eyes squint. I'll miss our conversations about his daughters and grand-daughters, of whom he was so proud. I'll miss our Villanova-Syracuse basketball rivalry. So for the only time in my life, out of respect for Lance, I say... "LET'S GO ORANGE!" May he rest in the eternal peace that he started and shared with us during his life.

“ As one of Lance's reports for almost 7 years, I am deeply saddened by this shocking news. My heart and prayers go out to the Morien family. As many have already stated, he was a kind and gentle boss, but equally as knowledgeable and effective. What a difficult combination to find in one person! He loved his family and liked to share stories from time to time about the early days of his marriage, or his children and grandchildren. He was never too busy to smile at us and share a common joke, or poke fun at us in such a caring way. We were a tight knit group who followed our leader through it all. He will be terribly missed.

“ We had the good fortune to meet Lance via our love of fly fishing and mutual memberships in the Dame Juliana League in the mid-1980's. Joe enjoyed a memorable day of striper fishing with Lance on the Susquehanna Flats as well as other club outings. Lance most recently tied wooley-buggers at the DJL Flyfishing course in April. Each student was rewarded with one of these excellently tied samples. What a tremendous legacy Lance left within our group. Always smiling, always willing to lend a hand -- a gentle man and keeper of the streams from our first meeting until our last goodbye at the annual DJL raffle in April. Tight lines, Lance. Rest well.

“ To the Morien family - I had the pleasure of working with Lance for many years at J&J. He was a wonderful source of knowledge but also a kind and gentle soul. He always took the time to proudly give an update on his daughters and grandchildren or some thing he and his wife were doing. Lance was always willing to share information and the first one to offer assistance when there was a validation problem at another site.
