“ I'm so sorry to learn about Linda's passing and her battle with cancer. She was always kind to me growing up with her son Denis. And, in later years, I was happy to see the great mother and grandmother she continued to be. The entire family is in my thoughts. She will live on with the stories shared of her life.

“ I never met Linda in person but I got to know her from a support group for some health issues we shared. She was very helpful and offered advice which helped my move to the area. Through our conversations I could tell she was quite a good person who loved her family. I am so sad to hear of her passing and wish her family the best.
