“ We were friends for 48 years & I will miss you greatly. Thank you for threatening to call children in youth services on me forty three years ago to get me into drug & alcohol rehab. I don't know if I would be sober today, if not for you. We attended many powwows together. And you taught me so much about native americans spirituality. You were my birthing coach when I had my son. You suffered a lot during the past 20 years, but always managed to keep a positive attitude & continued to thank Great Spirit for your blessings, despite having both legs amputated, massive strokes & only 30% of your heart functioning the past 5 yrs.  
You are sooooo missed but I'm grateful your suffering is over & with your ancestors in the next realm!
