“ *Laureen- I read this today as Shea and I were at WCU orientation. His ability to come here today was a direct result of your dedication to your students as well as the love and support you received from Matthew that allows couples to follow their passions. Shea lost his mom within the first week of starting 1st grade, so we can understand part of what you and your children are experiencing. I know it is so super hard. I know the pit in your stomach and the fears in your heart. If there is anything that I or Shea can do for you or your family, please reach out. You have our contact info. Shea was instrumental at Devon EI in later years when they formed a kids counseling group. We are available at any time. blessings kevin*

“ Dearest Paul and Family,
I am sorry sorry to hear of the passing of your beloved son,
Matthew. To leave us at such a youthful age is certainly in the
category of those hard losses for which there is so painful a
reminder of what might have been.
I offer my most sincere condolence and deepest sympathy to you
and your family. May the outpouring of sympathy, the kind acts of
friends and strangers and the comfort in knowing that your loss is
felt by many, help you through this difficult time.
I ask for God's blessings on you and your wonderful family. May you
find the courage and strength to move forward in peace and
confidence and in knowing that his was a life well-lived, and that he
gave all of you many happy memories and blessings.

“ *Laureen and children, words cannot express my love for Matt! He was a friend first that became a brother! I can't tell you how many times I worked with him over the years in the PA and OH areas. He was smart, whitty, fun, sarcastic, and any other adjective I could think of! I had many conversations with him regarding doing something else with ION and OS in a managment role over the years. He always came back to you and his two kids about how at this time in his life, he wanted to be there for all of you and watch his children grow! The respect I have for that kind of personal sacrifice is too great to express. I will sum it up with a simple word, CLASSY! While I had planned on being there with you and all his friends during this celebration of his life, I regret that the tropical storm has hindered my attendance. Please know that I will never think of PA again without thinking of Matt and the three precious people he would give everything for! May God bless and watch over you in these difficult times. Always know that you are family to us at Oncology Supply and ION and please know that my donation to you and the kids is made with tremendous admiration and respect for a man that I will always call my brother! As your children grow older and ask about what kind of businessman there dad was, feel free to have them reach out to me as I would love to tell my stories. I welcome their calls or emails and hope they always know how great of a man their dad was! With love, Cole*

“ Dear Lauren and family, Matt was our ION rep for years and my greatest memory of Matt was his unbelievable love of his wife and children. Before we would "talk shop" we would always take time to tell stories about our kids and family, he was always beaming ear to ear when he would share his stories, just as he is in the picture.....He was truly a wonderful man, we are all terribly sad and are sharing in your grief. I then again met with you's to finish your basement. Matt was a friend to me and will always be in my heart. If he seen me in the neighborhood he would always make it a point to stop roll down his window and say hi and see how things were. It goes to show the type of person he was. I just seen you, Matt, and the kids heading out into the neighborhood to take a bike ride and will remember that the rest of my life as Matt waived and yelled hi. Laureen I know how hard this must be for you and want you to know he has influenced my life as I am sure he has with many others. They go through life performing miracles daily without ever boasting and without ever purposely drawing attention to themselves. They are the reason those around them find work easier or life better..." Matt will always be your butterfly. His wings will flutter about as he goes wherever he pleases and pleases wherever he goes.
