“ I had the pleasure of working with Mike at Manatawny Manor and he will be greatly missed. He had a sense of humor as well as compassion. He was one of the best nurses I know and I could always count on him to have the answer to my questions. I know he loved his family and was proud of them. May you be comforted by your memories of Mike.

“ We send our sincere sympathy to the Kraft family in the loss of Mike. We will miss Mike when we visit my Mother, Mary Ellen Rush at Manatawny. Mike always went out of his way to give excellent care to her and helped guide us in decisions about her. We talked to him on November 20 about her care and in his compassionate manner he eased our minds about some concerns. We will always remember Mike and his helpfulness. Sending our prayers to you.

“ This is such a shock to us. We met Mike when our mother Kathryn was a patient in Manatawny Manor for rehab after a broken hip. Mom absolutely loved the personal care that Mike always gave to her. She always said how nice Mike was not only to her, but, all his patients. When Mike came to support our family when our mother passed on, the showed just how passionate Mike to his patients. He will be truly missed.

“ *A death in the family leaves a void that cannot be filled. No one can ever take the place of this individual in the world. We should not try to comfort the family by saying that "it was his time anyway", or, "he was suffering". These may be words of comfort later. However, there must be time to mourn the fact that things will never be the same. One minute he was here and now he is gone. The human mind must be allowed to sit with this reality. Mourning is a necessary part of the human experience. If it is ignored, a general feeling of sadness may pervade the whole family. I hope you all find solice in knowing he is with Mom in Heaven, and we are all looking up at them both and wishing they were both still here, Love you all, Judy Stay Strong my sister, Love and Hugs to you and the family!!*
