“ Dick Taylor was a lifelong friend to my parents. Dick and Diana were raising their children at the same time my parents were raising us. I remember Dick as having a calm presence, passionate about his family and hobbies, including travel. I feel so thankful that I got to see Dick and Diana during a visit back to Pennsylvania, not too many years ago. After my mom passed away from cancer, Dick and Diana were there for my dad and for our family.

Dick, you were loved by so many. You touched our family's heart and we are better people for having you in our lives. Our hearts go out to your family in this difficult time.

“ Hi to Denny, Steve and Sue,

I'm saddened to hear about the loss of your dad.

He and your mom have been wonderful friends to my parents, throughout these many many years!!!!

*My mom referred to your mom as *her Angel* and my dad and your dad developed a very comfortable friendship.. . helping one another along the way.*

*As a child, I recall our family visiting you all many times in your beautiful home there in Phoenixville.. and the wonderful willow tree in the yard... *feeling so welcomed there.**

Later on, I became aware of your dad's interest in photography. It was my first exposure to someone that I knew, who had a darkroom for developing photographs.

I remember being in awe of that, and all the many other things that your dad spent his time doing, and his appreciation for nature.

After my mom became quite ill with cancer and then lost her battle to it, your parents were Soooooo supportive & caring to my dad, getting together frequently for lunch.

*Over these last couple of years, our dads continued to meet nearly every week for lunch and meaningful conversation. .. this meant A Lot to my dad, and to me also!!! *He will miss his special friendship connection with your father.**

💛 *I hold you all in the light..* 💛

and, I'm sending you ❤️💜 *Love and Hugs* 💜❤️
