“ Oh my, I just learned that Bobby passed away earlier last year. I was happy to reconnect with him a couple years ago and reminisce about our brief time together in the band Sugarcaine. I'll never forget his sense of humor. RIP Bobby.

“ Bobby lived in the apt upstairs when we were in elementary school. We spent several years playing army in the field out back, sharing toys and listening to his sisters Elvis records. Then in 5th grade the Beatles arrived and we decided to start a band. I took us till 7th grade before we made our first stage appearance at the Jr. High talent show. Nevermind we didn't know how to play any instruments and we basically lip sanc to a spinning 45. Of course we got tossed out.

Bobby moved to Phoenixville later and we lost touch for awhile. we reconnected when I would see him playing in local bands. I didn't see him for many years. Then I too moved to phoenixville for a short time and recall running into him . At the time he was working at St. Gabes and apparently liked what he was doing.

as life goes on, we continue to lose touch. funny thing is I was just thinking about him the other day and lo and behold, the obit is in the paper. a sad day but fond memories. Go in peace old friend and join Aunt Ina.

“ My condolences to the Engle family in this much needed time. I used to walk my dog through Phoenixville and Bob would always take the time to talk and pet my little friend. He is a caring man and will live on in the hearts of the community.

RIP

“ Bob loved Christ his family his job, in that order. Everything he did he did "as unto the Lord." He cared about EVERYONE he came in contact with from friends to patients. He would tell me of people that he would pray for even if the condition wasn't serious. See you later my Christian brother. Art Mauger.

“ I loved working with Bob at West End. We usually laughed most of our shift away. I'll always remember the "egg muffin" incident at McDonald's. I still laugh about that one. My condolences to Betty and the kids. I hope his last days on Earth were good ones.

“ *I never laughed harder then when Bob and Betty came to the campground to camp with Stacie and I. After 3 days of hard rain they arrived and he wanted to build a fire. He found a log about 2 feet across that was floating by our camper for days. He tried to use ALL the paper plates as kindling but couldn't get it lit. I will always think of him popping up out of the dumpster with a handful of dry wood. Hope your campfire stays lit for you. RIP camper Bob!*
