As new residents of the neighborhood, my husband and I always enjoyed walking by Sandra's home. She was often sitting outside which meant that we were treated to her beautiful smile and lovely personality. We were looking forward to more conversation and getting to know Sandra better. We are sending our very sincere sympathies to Mary's family. ♡

“ *Sandy was my hairdresser for more than 30 years and saw me through many styles and colors. She was a great listener and knew my hair so well that she could recommend new things to try or tell me when an idea wouldn't work for me. She came to my house in the height of Covid and cut my hair in the garage - that's dedication! We spent a lot of time gossiping, commiserating, cursing and laughing; that's what I'll remember most. Sandy, thanks for making me look great for the past 3 decades! Rest in peace, I will miss you so much!*

“ *Sondra was a strong resilient lady with a kind and generous heart. We became very close friends, as her upstairs neighbor, I enjoyed her company very often and she became my fabulous hair stylist. I was very aware of her Morgellons Disease and saw the suffering she endured as many doctors would turn her away as it being a skin ailment and we're basically of no help to her. I knew she would really like this terrible disease to be researched and recognized by the medical professionals as a real disease and a diagnosis made and treatment made available!! I will miss you my friend 😭*
