“ *Sonja, I always loved being with you because you always made me feel so special. Your big smile and giant hug told me that you cared. From a casual relationship at the YMCA swimming together, there grew a bond between us as I helped you through your cancer treatments. I felt that experience was not only a service to you but because of caring for you, I became a better person. I grew to know you, a brave woman who lived in Germany during WWII and came to America and made it a better place just by being yourself and helping others. You survived cancer and brought joy to everyone you met. I will never forget you or the good times we shared.*

“ *Sonja was the Best Hugger at the YMCA! When we would see each other at the indoor pool, we always gave each other a big long hug. I miss her hugs , her smile, and her fancy hats and jewelry. Seeing her and getting a hug always made my day.* 🧡💜🧡💜

Sonja - you were not only my mom (Gerda Emich Hensley's) lifelong best friend both in Germany and the US and my Godmother, but after my mom passed you became my only "mom". When I moved to Ohio we didn't get to see each other as much as we would have liked but we always spoke on the phone. I am so very happy that I came out this past winter and was able to spend the weekend visiting with you. The smile on your face when I walked in will forever be etched in my memory. I think we both knew that would be the last time we saw each other. I love you "mom" and will miss you so very much. - Love your "daughter" Connie
